Parking at the River Run base area offers access to the Sun Valley Resort’s lifts and other facilities designed to accommodate a number of routes. The first couple of miles along the Oregon Gulch Trail are quiet enough to allow for a shorter and easier out-and-back trip. Saddle Trail also departs from the Oregon Gulch TH, and it is signed as an out-and-back with shade, but steeper terrain, or as part of the longer and demanding Oregon Gulch Loop, which is popular with experienced mountain bikers.

The Oregon Gulch Trailhead is another good starting point for a number of routes.
